

Ristorante San Marco Privacy Policy

This privacy policy for Ristorante San Marco has been compiled to better serve those who are concerned with how their 'Personally Identifiable Information' (PII) is being used online. PII, as described in US privacy law and information security, is information that can be used on its own or with other information to identify, contact, or locate a single person, or to identify an individual in context. Please read our privacy policy carefully to get a clear understanding of how we collect, use, protect or otherwise handle your Personally Identifiable Information in accordance with our website or mobile app.

What personal information do we collect from the people that visit our website or app?

Information acquired when you Sign Up for our Newsletter, Make a Reservation, Leave a Review, or Post Comments and Photos on a Social Network are used only for the purposes that are typical and appropriate for that venue.

When do we collect information?

Ristorante San Marco receives information from you when you fill out a form, enter information on our site or when you provide us with feedback on our products or services.

How do we use your information?

Ristorante San Marco may use the information we receive from you to make your reservation, mail a purchased gift certificate, email you our newsletter, and evaluate a survey or marketing communication. We also may need to contact you regarding a reservation, etc.

How do we protect your information?

Ristorante San Marco's website is scanned on a regular basis for security holes and known vulnerabilities by the Hosting Providers in order to make your visit to our site as safe as possible.

Your personal information is contained behind secured networks and is only accessible by a limited number of persons who have special access rights to such systems, and are required to keep the information confidential. In addition, all sensitive/credit information you supply is encrypted via Secure Socket Layer (SSL) technology.

The Host Providers of AppsMoment, Listbox, Open Table, and the various Social Networks implement a variety of security measures when a user enters, submits, or accesses their information to maintain the safety of your personal information. All monetary transactions are processed through a gateway provider and are not stored or processed on our hosting servers.

We have not enabled Google AdSense on our site.

California Online Privacy Protection Act

CalOPPA is the first state law in the nation to require commercial websites and online services to post a privacy policy. The law's reach stretches well beyond California to require any person or company in the United States (and conceivably the world) that operates websites collecting Personally Identifiable Information from California consumers to post a conspicuous privacy policy on its website stating exactly the information being collected and those individuals or companies with whom it is being shared. - See more at: <http://consumercal.org/california-online-privacy-protection-act-caloppa/#sthash.0FdRbT51.dpuf>

According to CalOPPA, we agree to the following:

Users can visit our website or use our mobile app anonymously. Once this privacy policy is created, Ristorante San Marco will add a link to it on our home page or as a minimum, on the first significant page after entering our website. Our Privacy Policy link includes the word 'Privacy' and can easily be found on the page specified above. You will be notified of any Privacy Policy changes in an e-mail and on our Privacy Policy Page. You can change your personal information by emailing or calling us.

How does our site handle Do Not Track signals?

We honor Do Not Track signals and Do Not Track, plant cookies, or use advertising when a Do Not Track (DNT) browser mechanism is in place.

Does our site allow third-party behavioral tracking?

It's also important to note that we do not allow third-party behavioral tracking.

COPPA (Children Online Privacy Protection Act)

When it comes to the collection of personal information from children under the age of 13 years old, the Children's Online Privacy Protection Act (COPPA) puts parents in control. The Federal Trade Commission, United States' consumer protection agency, enforces the COPPA Rule, which spells out what operators of websites and online services must do to protect children's privacy and safety online. We do not specifically market to children under the age of 13 years old., nor we condon third-parties, including ad networks or plug-ins collecting PII from children under 13.

Fair Information Practices

The Fair Information Practices Principles form the backbone of privacy law in the United States and the concepts they include have played a

significant role in the development of data protection laws around the globe. Understanding the Fair Information Practice Principles and how they should be implemented is critical to comply with the various privacy laws that protect personal information.

In order to be in line with Fair Information Practices we will take the following responsive action, should a data breach occur:

Ristorante San Marco will notify you via email or will notify you via a phone call within 1 business day.

Ristorante San Marco also agrees to the Individual Redress Principle which requires that individuals have the right to legally pursue enforceable rights against data collectors and processors who fail to adhere to the law. This principle requires not only that individuals have enforceable rights against data users, but also that individuals have recourse to courts or government agencies to investigate and/or prosecute non-compliance by data processors.

CAN SPAM Act

The CAN-SPAM Act is a law that sets the rules for commercial email, establishes requirements for commercial messages, gives recipients the right to have emails stopped from being sent to them, and spells out tough penalties for violations.
